BRISTOL MAN DECORATED FOR "OUTSTANDING ACHIEVEMENT" BY MAJOR GENERAL BRERETON

Staff Sergeant George R. Brown is Given High Honor After Seeing Action in Some of The Heaviest of Combat Duty—One of 81 Members of United States Army Air Forces To Be Honored

Staff Sergeant George R. Brown, son of Mr. and Mrs. George A. Brown, 349 Garfield street, is one of 81 members of the U. S. Army Air Forces in the Middle East, who have been decorated for outstanding achievement by Major General Lewis H. Brereton.

From letters received by Mr. and Mrs. Brown from their son he has evidently been in the thick of action on various occasions. In one letter of recent date he states in referring to a newspaper account of close call on the part of high ranking officials that "They also had a pretty rough trip, but compared to ours it should have been a picnic. They at least had two good wheels to come in on, whereas we had but one. Besides that we also had the same things wrong with '—' as those mentioned in the article, plus about 30 or 40 more (censored) from the Jerry (censored)."

"Since that particular article was written '—' has seen a lot more and also been beat up quite a bit more."

Staff Sgt. Brown also stated in a recent letter that "This very morning we received some pretty darn cheery news. I don't want to build up any hopes of my own, or mislead you, either—but we were informed that definite action had been taken on trying to secure some relief for us. I already have in well over the required number of combat hours for which our relief was mentioned, but it will be sometime yet before anything definite takes place along that line. However, if everything goes well, and our luck holds out as it has been—maybe I'll be seeing you before too many more months go by. I certainly hope so—but at least, now we have a little something to look forward to."

Brown has from time to time called attention of his parents, through newspaper clippings, to experiences of members of his outfit. In one account mention was made that one of the U. S. Army Air Force bombers returned from one of the longest bombing flights of the war with more than 70 bullet and cannon shell holes in it; part of the rudder destroyed and made temporarily useless, and an engine which had gone dead the crew was able to restart.

Association Will Invest \$2250 in U. S. War Bonds

The Bristol Consolidated Firemen's Relief Association, last night, voted to invest \$2250 in war bonds.

This action was taken at the annual meeting of the Board of Control of the Association. Officers were named for ensuing year as follows:

President, Clifford L. Anderson; vice president, Livingston Joyce; secretary, Serrill D. Detlefson; treasurer, John S. Roberts, Jr.

In the absence of Mr. Anderson the meeting was presided over by Thomas Scott, one of the members of the Board.

THE GREAT GAME OF POLITICS

By FRANK R. KENT
(Distributed by McNaught Syndicate, Inc.)

On The Loss of Faith

Washington, Jan. 7.

ONE of the President's ablest journalistic supporters — a very pro - New Deal columnist — Mr. Raymond Clapper — laments that the majority of the people are on the point of losing faith in the Administration.

This, he conceives, is very sad indeed, and he asks the President and his friends to take stock before it is too late — "if, indeed, it is not too late already."

Mr. Roosevelt is urged to leave nothing undone to regain the confidence of the country "so that the task that destiny has lodged in his care can be carried forward." Com-

critics but from an avowed admirer, this is significant. Significant, too, is the fact that no concrete mention

as to why the people have lost faith is made except to suggest that perhaps Mr. Roosevelt missed an opportunity in not making better use of Mr. Wendell Willkie.

—O—

IT does seem that other reasons for the situation which this distinguished liberal columnist deplores might be found without singling out as examples the willing and competent individuals whom the President has failed to use. Plenty

such other reasons exist, but if we are to deal in personalities there is a better example than Mr. Willkie — to wit, Mr. Herbert Hoover. Exactly what kind of an executive Mr. Willkie would make if placed at the

head of a war rationing or regulating agency is not known. But what kind Mr. Hoover would make is known not only in this country but everywhere else—because, it is a matter of record.

—O—

The sake of ends that are bigger than he or his Administration, Mr. Roosevelt is urged to leave nothing undone to regain the confidence of the country "so that the task that destiny has lodged in his care can be carried forward." Com-

REDUCTION OF 25 PER CENT IS MADE IN 'GAS' ALLOTMENT

Applicants Cannot Ask For Additional Mileage, It Is Stated

TO AID WAR EFFORT

Tires Must Be Inspected In Order To Secure New Ration Books

"The Office of Price Administration has just awakened to the fact that by reducing the value of the 'B' and 'C' gasoline rationing stamps from four to three gallons, and then issuing new tables which provided additional coupons for the mileage deducted, was not a saving at all but in reality placed the gasoline rationing upon the same basis as it was before the 'B' and 'C' books were reduced in value," said a member of the local rationing board today.
